## EDUCATION

---

- **University of Dundee** Dundee, United Kingdom  
*BSc (Hons) Computer Science* September 2025 – June 2028 (expected)

## AWARDS

---

- **Level 2 Class Prize Computer Science** Dundee, United Kingdom  
*University of Dundee* June 2026
  - Awarded to the top performer of the Year 2 cohort (150 students)

## EXPERIENCE

---

- **Research Intern** Liverpool, United Kingdom  
*University of Liverpool* June 2026 - September 2026
  - I will join the Cooper Group as part of the Alchemy project, applying machine learning methods to problems in computational chemistry and materials discovery.
- **Software Engineer** London, United Kingdom  
*Expedia Group* June 2022 - September 2025
  - Built and maintained high-performance Java microservices hosted on AWS to compute prices for multiple lines of business while ensuring high availability and reliability.
- **Tutor**  
*Self-employed* June 2024 - current
  - Provide one-to-one tutoring for students across A-Level and undergraduate levels in Computer Science and Mathematics, focusing on building foundational understanding of core concepts and developing problem-solving skills, while adapting content to each student's individual learning style.

## PROGRAMMING SKILLS

---

- **Languages:** Python, Java, C/C++, React, SQL
- **ML Frameworks:** PyTorch, Tensorflow

## PROJECTS

---

- **AI & Blackjack:** This Year 2 team project focused on developing an autonomous agent that plays the popular card game "Blackjack". I was responsible for implementing the reinforcement learning method using Deep Q-Learning, conducting the foundational research and designing experiments to evaluate the agent performance. The full project report is available on [mprisciano.github.io](https://mprisciano.github.io)
- **TooMuchStudy:** I built an iOS app with the SwiftUI framework that records study sessions duration and provides clear stats with charts and aggregated weekly/monthly data.

## EXTRACURRICULAR ACTIVITIES

---

- **Student Rep** Dundee, United Kingdom  
*University of Dundee*
  - As a Student Rep I collect student feedback through surveys and conversations and then meet on a weekly basis with staff members to discuss and implement improvements to the student experience at the University.
